

\$250 Electric Vehicle -- Level 2 Charger Rebate

July 1, 2025 - June 30, 2026

It is the interest of Carroll Electric, at its sole discretion, to offer this rebate to assist its members in their electric vehicle charging needs. In order to qualify for an Electric Vehicle Level 2 Charger rebate, the member must agree to adhere to the following program requirements.

Qualified Equipment and Installation

- Qualifying Level 2 (240-volt) charger must be: new and unused; certified by Underwriters Laboratories, Inc. (U.L. Listed); and Edison Testing Laboratories (ETL) Listed.
- Equipment installed shall be in accordance with manufacturer's specifications and recommendations and shall meet applicable federal, state, or local agency standards.
- Equipment installed shall be in compliance with the National Electric Code and local or Ohio Electric Code requirements.
- The complete system, including any necessary supplemental devices, shall be listed by Underwriters Laboratories or other nationally recognized testing organizations in accordance with U.L. standards.
- EV chargers that are portable, resold, rebuilt, or received from warranty insurance claims are not eligible for rebates under this program.
- Level 2 charger must be programmable, capable of scheduling charging sessions.
- Level 2 charger must be wall or pedestal-mounted.
- Level 2 charger must be new and installed at member's service address.
- Cooperative must verify through a purchase receipt that a new EV Level 2 (240-volt) unit was purchased and that it has been installed between July 1, 2025 and June 30, 2026.

Eligibility & Conditions for Rebate

- The building must be a residential structure which uses electricity from Carroll Electric.
- Rebate is to be paid to the Carroll Electric member who owns the building. For new construction, the rebate can be paid to the builder/dealer.
- Carroll Electric will schedule an appointment to verify the Level 2 charger has been installed at the member's service address before issuing the rebate.

Rebate Requirements

- Carroll Electric must verify through a purchase receipt that the Level 2 (240-volt) charger was purchased and that it was installed between July 1, 2025 - June 30, 2026.
- The charger must be purchased by the member. Purchases made through any assistance programs are not eligible for a rebate.
- A rebate in the amount of \$250 will be issued by Carroll Electric in the form of a bill credit.
- A maximum of two **(2)** Level 2 charger rebates may be paid per residential membership.
- Rebate request forms are available in the Carroll Electric office or can be printed from Carroll Electric's website at www.cecpower.coop.
